\*6. Do you consider it reasonable for taxpayers to pay 100 per cent of the cost of assessing water licence and permit applications and if so, why?\*

Response: yes

Comments:

We are tax payers aswell.

We provide your food!!!

How do we recovery our costs?

\*7. If water licence and permit assessment fees were introduced, what do you consider to be an appropriate fee for a water licence or permit application?\*

Comments:

Zero

\*8. Would you consider a risk-based model for determining water licence and permit application fees to be appropriate? If not, what basis could the department use to structure fees?\*

Response: no

Comments:

\*9. What would be the likely impact on your business or industry if water licence and permit fees were introduced?\*

Comments:

The excessive cost of producing food is forever on the increase and we no longer have the ability to keep absorbing these costs...

I think that you under estimate how efficient the farmers that are left are, but the margins are just not there.

Mark McGowan said he would not impose anymore taxes - this is a tax!

\*10. If water licence and permit assessment fees were introduced, how could the collection of fees be timed to better support your business or industry?

For example, would you benefit from paying fees up front, at the end of a licence assessment or annualised over the term of the licence?\*

Response: unsure

Comments

Fee structure to remain the same

\*11 . Additional comments regarding Water licences and permits not addressed in the questions above.\*

Comments:

We have been told to get more efficient over the years - now government need to get more efficient!!

NO FEES!! - cost recover elsewhere
